CITY OF STUART WATER AND SEWER STANDARD DETAILS JANUARY 2018 TABLE OF CONTENTS

TITLE SHEET NO.

Water Distribution Notes	1 - 2
Wastewater Construction Notes	3
Water and Sewer Conflict Notes	
Utility Road Cut Pavement Restoration	5
Pavement Restoration Detail (Concrete)	6
Pavement Restoration Detail (Asphalt)	
Typical Driveway Restoration	8
Typical Trench Detail	9
Backfilling Requirements	10
Mechanical Joint Anchoring Requirements	11
Mechanical Joint Requirements Notes	
Thrust Block Schedule	13
Thrust Block Details	14
Utility Crossing Detail	15
Pressure Pipe Conflict Detail	16
Concrete Valve Collar	17
Jack and Bore Detail	18
Manual Air Release Valve	19
Aerial Crossing Pipe Guard Detail	20
Water Meter Replacement Policy	
Typical Single Water Service Connection	22
Typical Double Water Service Connection	23
Typical Multiple Water Connection	24
Typical Fire Hydrant Assembly	
Bacteriological Sampling Point @ Fire Hydrant	26
Potable / Reclaimed Water Flushing Hydrant	
Bacteriological Sampling Point Detail	
Typical Backflow Preventer Assembly	29-31
Water Meter/Backflow Preventer-Fire Service W/Domestic Supply	
Double Check Valve W/Detector Check Assembly - Fire Service	
Locate Wire Detail	
Wastewater Service Placement Policy	35
Shallow Manhole (Depth less than 5'-0")	36
Standard Manhole	37
Manhole W/Inside Drop	38
Force Main Tie-In @ Precast Manhole	
Invert Flow Channel Detail	
Service Connection (Lateral)	41
Single Connection (Single & Double)	
Terminal / Service Lateral Cleanout Detail (Possible Traffic Area)
