“MANGROVE PARK”

Poppleton Creek Watershed Project - Phase IV

This project is funded by:

SW PALM CITY RD

The City is beginning design on Mangrove Park. It will remove exotic vegetation and add a meandering water quality treatment area to existing uplands along Poppleton Creek, with new native habitat for fish and wildlife. Pathways and boardwalks will provide pedestrian access and a self-guided tour.

Mangrove Park Before and After Exotic Vegetation Removal

Before

04.23.2012

After

12.09.2014

Pre-Site Construction

Flushing Channel Excavation

Completed Project

River Kidz and Treasure Coast Rowing Club Help City Plant Mangrove Trees in Poppleton Creek

Stuart, FL – On Saturday, June 18th, River Kidz (a youthful branch of the Rivers Coalition) and TC Rowing Club volunteers aided in the planting of mangrove trees and spartina plants as part of the water quality improvements tied to the Poppleton Creek Mangrove Park Watershed Project.
